

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every global trade. Transporting industrial goods happens each and every day on our industrious planet. Primarily innovated as industrial vehicles in the 1930s in America, lift trucks gained recognition after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread globally.

Initially founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first forklift. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the trade. TCM began constructing lift truck manufacturing locations outside of Japan during the 1980s and is currently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

With more than 50 years of accumulated expertise and technology, TCM has been proudly making numerous models of industrial lift trucks, making their models known all around the world. With a strong and energetic workers, TCM has been able to continually work towards becoming a future leading material handling company.
